At **Shaheen Bros., Inc.** we work very hard to earn your trust, loyalty, and business every day. Our goals are to supply consistent quality, value, and yield while building long term relationships. But, we realize that it cannot stop there. The final product you serve your customer may be greatly affected by how you purchase, handle, and store the products. Education throughout the food service chain is one of the best ways to guarantee the finest quality and value possible.

Let us help you. Use **Shaheen Bros., Inc.** as the valuable resource we can be. In addition to supplying your food service needs, we can offer educational flyers, tapes, recipes, as well as point of sale materials. We recommend that you look to us as a source of ideas and suggestions. In a market that changes daily, “an informed customer is our best customer.” We seek to exceed our customers expectations. Our purpose is to keep our customers successful and profitable.

Shaheen Bros., Inc. works hard at delivering quality and value. We inspect products every step of the way from field to dock then to your back door. We promise to stand behind today’s business and we are continually working for tomorrow’s.

Thank you again for your business and loyalty. We strive to earn that trust every time our truck backs up to your door.
